

# SANDER GEOPHYSICS

<b>Position Title:</b>	<b>Aircraft Maintenance Engineer, type M</b>
<b>Department:</b>	Aircraft Maintenance
<b>Reports to:</b>	Director of Maintenance
<b>Supervisory Responsibilities:</b>	None
<b>Location:</b>	Ottawa office and SGL field bases worldwide

SGL is hiring a licensed AME to be based at the company's headquarters in Ottawa. Base schedule is Monday to Friday but must be available to travel for rotational field work around the world.

## Responsibilities

- Maintain the company aircraft at the main base and at field locations;
- Carry out maintenance tasks as directed in accordance with the Maintenance Policy Manual and Transport Canada regulations, within the scope of licence, capabilities, and authority;
- Consult with the Maintenance Manager(s) to identify aircraft, shop and field maintenance issues and to discuss maintenance requirements and problems;
- Assist as required to ensure the timely completion of company, customer and regulatory audits; and
- Ensure a safe working environment while maintaining a positive attitude toward personal and professional growth.

## Qualifications and Experience

- Aircraft Maintenance Engineer with an "M1" licence;
- Experience on C208 or DHC-6 aircraft a definite asset;
- Knowledgeable understanding of Canadian Aviation Regulations;
- Willingness to travel on short notice for periods of up to eight weeks;
- Valid passport and driver's licence;
- Ability to obtain a Transport Canada restricted area pass; and
- Must be fully vaccinated against COVID-19 and willing to receive any other vaccines required for entry into various foreign countries.

## Benefits

SGL is committed to promoting employee wellness and successful work-life balance. Employee benefits include (but are not limited to):

- Comprehensive benefits coverage including health, dental, vision, and paramedical;

- Life insurance;
- Employee and family assistance program;
- Paid vacation, personal leave, and medical leave;
- On-site gym; and
- On-site parking.
