SANDER GEOPHYSICS

Position Title:	**King Air Contract Captain / Training Captain**
Department:	Flight Operations
Reports to:	Flight Operations Manager / Chief Pilot

SGL is looking for an experienced King Air Captain to join our team for a two-month contract.

Responsibilities

- Responsible for the operation and safety of the aircraft they command and for all those on board during the flight;
- Assist in monitoring onboard geophysical equipment;
- Complete preflight inspections and postflight reports;
- Liaise with foreign aviation authorities;
- For each flight, become familiar with:
  - the planned route/flight plan;
  - the aerodromes planned for normal and emergency use; and
  - the survey navigation equipment to ensure that it is in working order.
- Ensure the following has been met:
  - the flight as planned can be made safely; and
  - the aircraft equipment including emergency, survival and safety equipment are installed.

Qualifications and Experience

- A valid commercial pilot's licence (CPL) with group 1 instrument rating and category 1 medical certificate;
- Minimum of 2,000 hours total flight time, including 250 hours of multi-engine turbine PIC time;
- Current BE20 PPC (King Air 200/B200);
- King Air 200 PIC experience, with recent experience on type strongly preferred;
- Previous low-level survey flying experience is an asset;
- International flying experience is an asset;
- A valid passport or the ability to obtain a valid passport for the purpose of traveling globally;
- Ability to obtain and maintain a Restricted Area Identity Card (RAIC);
- Ability to travel unrestricted to the USA / Europe;
- Willingness and ability to travel to SGL's survey sites worldwide;
- A valid driver's licence;
- Must meet a minimum of ICAO Level 4 English language proficiency;

- Proficient in additional languages is an asset; and
- Strong leadership, communication, and crew resource management skills.
